

Fast Forward

An Intense Coaching Experience
for Ministry Leaders

April 20 - 22, 2009

Hollifield Leadership Center on Lake Hickory in Conover, NC

Q: What happens when you combine

three days in a retreat setting +

a cohort of peers committed to sharpening one another +

two expert leadership coaches to serve as guides and catalysts +

coaching frameworks proven to unlock new insights and bring forth true commitments?

A: You get an intense coaching experience that will unlock insight and add fuel to your ministry

During **Fast Forward**, you will come together with up to 20 peers from across North America for three days of intense coaching focused around **three sources for success**:

1. **Strength of Self (Who am I?)** @ Fast Forward, we'll coach participants to know God's unique fingerprint on them using two highly effective insight tools: The Clifton StrengthsFinder and Patterns for High Performance
2. **Core Results (What am I trying to accomplish?)** @ Fast Forward, you will gain a clear vision for the results that matter most. We'll do this via coaching around two core coaching concepts: Heroic Future Story (discerning real results through story), and WIGS (the wildly important goals that matter most)
3. **Action Mapping (What will I do?)** @ Fast Forward, you will take a macro look at what actions need to be taken and will map those actions on the micro level along four quadrants for sustainability: 1)Path Clearing (removing obstacles), 2)Motivational Drive (clarifying your internal desire for taking the most important actions), 3)Precision Power (leveraging the power of specificity in taking action), 4)Alignment (Aligning actions with Self and Results).

The impact of Fast Forward lives beyond three days. Sustainability comes through **A Peer Learning Community** and the option to contract with an **Executive Coach**.
